**OLYMPIC DECK, FENCE AND SIDING SEMI-TRANSPARENT STAIN**

- Linseed/alkyd oil formula
- WaterGuard waterproofing protection
- SunBlock UV protection
- Exclusive ScruffGuard formula
- Mildew resistant coating
- Can be applied immediately to pressure treated wood
- Lasts up to 3 years on decks and 5 years on fences and siding
- Recommended use on wood decks, fences, siding, railings, outdoor furniture, new wood, pressure-treated wood, weather-treated wood and wood that has been previously stained with semi-transparent coating
- 8 ready-mix colors
- Tintable to over 40 colors
- 3.78L

**OLYMPIC DECK, FENCE AND SIDING SOLID COLOR LATEX**

- Durable 100% acrylic latex formula
- WaterGuard waterproofing protection
- SunBlock UV protection
- Exclusive ScruffGuard formula
- Mildew resistant coating
- Lasts up to 5 years on decks and 15 years on fences and siding
- Can be applied immediately to pressure-treated wood
- Recommended use on exterior wood decks, fences, siding, railings, outdoor furniture, New, pressure-treated and weathered wood and previously stained or painted wood
- 7 ready-mix colors
- Tintable to over 100 colors
- 3.78L

**OLYMPIC LIQUID DECK CLEANER**

- Product Features:
  - Fast and easy to use, no scrubbing
  - Premium S-74 deep cleaning formula penetrates deep and lifts dirt to the surface to be rinsed away
  - Cleans dirt and mildew stains
  - Ready to use, no mixing
  - Works in 5-10 minutes
  - Biodegradable
  - One gallon (3.78L) will clean approximately 250 to 300 square feet
- Recommended Uses:
  - Use on decks, wood siding, shakes, shingles and fences
  - Also recommended for use on concrete, brick stucco, tile and vinyl
  - Application to new wood or newly sealed wood may cause spotting

**OLYMPIC MAXIMUM WATERPROOFING SEALANT**

- Product Features:

- Durable alkyd/oil formula
- Prevents graying and water damage 2 years
- Provides a rich sheen, enhancing the natural beauty and texture of the wood
- Apply once only every 2 years
- U.V. inhibitors block out harmful U.V. rays minimum of 2 years
- Revitalizes gray, weathered wood and restores its natural appearance
- Extra protection against growth of mildew and algae on the coating film
- Covers 150-350 sq.ft. (coverage depends on texture of wood)
- One thin coat recommended

Recommended Uses:

- New or bare exterior wood surfaces such as decks, siding, outdoor furniture, playsets and more. Can be immediately applied to pressure-treated wood

	Not just for wood				
	<ul style="list-style-type: none"> <li>• Twice the coverage of liquid stains</li> <li>• Superior Staining Control</li> <li>• Recommended by Premdoor for composite w/g embsd drs Varathane gel stain is unlike any liquid stain you have ever used because it's a gel it never drips or runs and causes no grain raise or lap marks. Varathane gel stain is one of the easiest stains to use and achieve professional results on all types of wood and non-wood surfaces. The stain reaches deeply into wood to bring out the hearty grain and it gives a natural wood look to fiberglass and composite wood doors. Varathane Gel stain can be used on fine wood furniture, cabinets, mouldings, veneer and other wood surfaces. It can also be used on fiberglass and composite doors to give them the look of natural Wood.</li> </ul>

#### VARATHANE PREMIUM WOOD STAIN

Varathane Premium Wood Stains are made using a proprietary soya-oil base formula for superior penetration and grain enhancement of your wood project. Unlike the competition, Varathane uses premium translucent pigments for truer, cleaner color that penetrate deep into the wood for long lasting beautiful color of your stained project.

- Our translucent pigments have superior color suspension which means excellent color control and even color coverage. Adding anti-settling ingredients to the formula, means less stirring of the stain during use.
- Clear Base Formula. Clear SOYA oil to provide maximum color clarity.
- Ultra-Deep Penetration. Penetrate up to twice as deep as competitive brands.
- Premium Pigments. Feature translucent pigments that enhance, not hide the natural grain.
- Easy Application
- More Colour Choices.

<b>WATCO DANISH OIL FINISH - INTERIOR (OIL BASED)</b>					
<p>WATCO oil is an easy-to-use family of oil finishes that penetrate deeply into wood. They enhance the natural grain pattern and give you the luster of an old-fashioned, hand-rubbed wood finish without all the work. WATCO has been the choice of fine woodworkers for 50 years This oil-based finish is easy to use, yet it creates the rich, warm glow of a hand-rubbed finish by soaking deeply into wood pores. This penetration also protects from within, against spills, abrasion, and chipping</p>

**TAPE - PAINTERS MATE DELICATE MASKING TAPE**

- For masking delicate surfaces
- Will remove clean from glass or other surfaces up to ten days in direct sunlight indoors or outdoors
- Excellent holding power when creating faux finishes
- Removes clean from wallcoverings, unpainted wallboard, paint and most surfaces
- No adhesive transfer or paint bleed-through
- Removes clean from freshly cured paint
- Sharp clean lines when painting graphics

057-2234 1/EA K202-346 24 / 5% DELICATE MASKING TAPE 24MMX55M 666015

**TAPE - PAINTERS MATE GREEN MASKING TAPE**

- Ultra-violet resistant, will remove cleanly from glass or most surfaces even up to 8 days in sunlight indoors or outdoors
- Holds plastic drop sheets in place
- Exclusive rubber based adhesive allow tape to stay on longer and remove cleaner
- Clean straight lines mean less edge bleed
- Strong crepe paper makes masking curved lines easier
- No adhesive transfer, will not pull paint off
- Environmentally friendly, no solvents are used in the manufacturing process
- May be used with all types of paint and most lacquers and varnishes

### NORTON HOOK & SAND PAPER DISC HANDY PACKS

- Aluminum oxide abrasive
- Heavy duty backing
- Anti-clog coating
- Hook and loop backing

#### Benefits:

- Durability and value for dry finishing
- Edge tear resistant
- Reduced loading
- Quick disc changes
